

Seaport East & West at **COMMONWEALTH PIER**

A PEMBROKE PROPERTY

Be Part of the Commonwealth Pier Campus

Commonwealth Pier will be a vibrant space to work, stay, relax and dine. Construction is underway to create more shopping, dining, offices, and space to gather at Boston's newest waterfront destination and will have a phased completion beginning in 2024.

With suites ranging from 5,000 sq ft and 30,000+ sq, and contiguous space available up to 66,500 sq ft, Seaport East and West at Commonwealth Pier offer premier workspace with sweeping views, abundant natural light and an unparalleled environment to foster workplace culture.

REDESIGNED ENTRY EXPERIENCE

SEAPORT EAST

Pembroke is undertaking a renovation of the ground floor at Seaport East. A new light-filled lobby and reimagined Wintergarden will be completed by early 2024.

The redesigned entry experience will connect the building's dynamic workforce and provide collaborative everyday space for tenants and visitors to gather.

ZO GREEK... COMING SOON

Zo Greek will seamlessly flow into the newly designed lobby and offer delicious Greek food throughout the day for breakfast, lunch and dinner. Zo's bespoke bar will be a welcoming place for tenants and neighbors to gather after a long day.

RE-IMAGINED WINTERGARDEN

The new Wintergarden will be a light-filled space with plants and trees bringing the outdoors into a unique environment designed for collaboration and to host amenity programs.

Testimonials

Cetrulo LLP has been a commercial tenant at Two Seaport Lane/Seaport East (Boston, MA) since 2000. Although we have very much enjoyed our tenancy in the Building since 2000, we have been most impressed with the recent initiatives undertaken by Pembroke to upgrade the Building common areas and amenities. In particular, we have been pleased with the Building's creative and tasteful interpretation of the future design of the shared common space and the attention to detail during the initial phases of construction."

Further, we believe the Building amenities to be top-notch. The Building location and water/city-scape views are unbeatable, as we are surrounded by some terrific restaurants and shops (as well as some pleasant green-space). Our employees are especially thrilled to have the option of the Shuttle service between North Station and Seaport Place. We look forward to completion of the common area construction and to Pembroke's continued commitment to thoughtful Building management and tenant treatment."

CETRULO LLP

Cabot Corporation is thrilled to extend its lease in Seaport East. Our global headquarters has been here since the building opened in 1999. Having closely observed the exciting development and growth of the Seaport Neighborhood, we are now in a prime location with some of the best restaurants, bars and shopping that Boston has to offer along with amazing views. We greatly appreciate the Pembroke team for successfully building on our twenty-year plus partnership."
